Experience

Infrastructure and Cloud Services Intern
Wawa, Inc | Media, PA
2024

- Deployed virtual cloud servers in AWS to support organizational infrastructure.
- Automated processes to connect and patch multiple vCenters using scripting tools, streamlining Jenkins execution.
- Conducted manual server patching to resolve critical vulnerabilities.
- Performed server updates to allocate resources and install new features as requested.
- Collaborated with cross-functional IT teams to optimize non-prod cloud instances to reduce costs and environmental footprint.

Customer Sales Associate
Wawa, Inc | Parkesburg, PA and West Chester, PA
2020 - Present

- Cross-trained and flexible across all areas of the store.
- Assisted in training new team members, fostering a collaborative team environment.
- Delivered exceptional customer service and ensured compliance with food safety standards.

Technical Skills

- Programming Languages: Java, JavaScript, JSON, YAML, PowerShell.
- Tools and Platforms: VMWare, Citrix, Splunk, Datadog, VSCode.
- DevOps and Cloud: AWS, Azure, Jenkins, Git, GitHub.
- Agile Frameworks: Jira, Confluence, ServiceNow.
